## **Notice of Price Revision**

ITO HAM FOODS INC. (President: Koichi Ito; Head Office: Nishinomiya, Hyogo) will implement phased revisions to delivery prices and product specifications for its ham, sausage, and cooked foods, effective for shipments from July 1, 2026.

In recent times, outbreaks of livestock diseases and heightened geopolitical tensions have driven up raw material prices and utility costs. In addition, logistics expenses have risen sharply, and labor costs continue to increase.

Under these circumstances, we have made continuous efforts to improve efficiency and streamline operations. However, it has become extremely difficult to absorb the full impact of these cost increases through internal efforts alone.

To continue providing safe and reliable products to our customers on a stable basis, we will remain committed to maintaining and enhancing quality while further advancing cost-reduction initiatives. We sincerely ask for your understanding.
